**Notes**

Here's the requested stack up.

Dielectric Impedance Design Notes:

- 1) Impedance stack up is based on our current data review.
- 2) Production stack up may require adjustment and is subject to final review.
- 3) Your Design Line widths and spacing require adjustment to match dielectric impedance calculations.  
Please review the provided Polar Speed Stack drawing and review the calculated impedance as compared to targeted results.  
Line width adjustments will be greater than 1 mil.
